

Progress Report October 17, 2013

6 Physics-, Chemistry- and Biology classrooms and 250 glasses heading for PAKISTAN

Today a donation of 6 Physics-, Chemistry- and Biology classrooms donated by Carl-Maria – von Weber Gymnasiums EUTIN/SCHLESWIG-HOLSTEIN were loaded into two 40 ft containers and driven forth to PESHAWAR.

We have to give thanks to Carl-Maria-von Weber-Gymnasium, which despite a lot of work in connection with the conversion of the school building thought about helping a school in PAKISTAN with their redundant school furniture.

Look into two of the six classrooms

Result of careful disassemble works

Our special thanks go for the extraordinarily strenuous caretaker Benjamin Boris Denissow, who disassembling the furniture handled with great care and thus ensured that the furniture will be given to PAK GERMAN MODEL SCHOOL PESHAWAR in a very good condition.

Also on the way to PAKISTAN are 250 glasses donated by Mr **Carsten Buhr**, the owner of **Optik Schütze** from BIENENBÜTTEL/GERMANY and from our faithful friends the **Plattsnackers** from DEUTSCH-EVERN/GERMANY. The glasses will be given to a Hospital in LAHORE and they will pass them to people in need. **Thanks and Schukria to the donors of the glasses!**

The two containers now will be shipped from HAMBURG to KARACHI, arrive there on November 27 and hopefully reach PESHAWAR after a 1.200 km inland transport in early December.

With this donation of school furniture we will help PAK GERMAN MODEL SCHOOL PESHAWAR, which is led by our partner organization Aid for Refugees and Orphans, to broaden and to improve their teaching offers. And certainly boys and girls will enjoy that they in future will have a chance to study in these new classrooms

As soon as the furniture will be fitted in PESHAWAR, the result will be shown in another progress report.

Many thanks and Schukria to Carl-Maria-von Weber-Gymnasium EUTIN/GERMANY and to all our faithful donors, with whose support we got the funds necessary for the shipment to PAKISTAN.
