

May 2019 - Donations medical devices reach their destination

BORDESHOLM, December 17, 2018

On December 17, 2018 we had brought a container of medical equipment from BORDESHOLM/Germany on the way to PAKISTAN.

After many 'twists and turns' (which will not be described here), it was released on May 10 at the port of KARACHI and taken to the MEDICAL CENTER KORANGI of our partner AL MUSTAFA TRUST.

KARACHI / KORANGI, May 10, 2019

The container was unloaded the same night. AL MUSTAFA TRUST was able to take over 2 dental chairs, 1 X-ray machine, 1 suction device and other smaller devices.

For our partner HASHIM WELFARE HOSPITAL we had 2 dental chairs, 1 X-ray machine, 1 anesthesia machine, 1 surgical microscope, 1 compressor, surgical lamps and many others more that had to make the long way to PINDI HASHIM (about 1,400 km) in land transport.

PINDI HASHIM, May 24, 2019

158 days after the container left BORDESHOLM, the devices arrived at our partner HASHIM WELFARE HOSPITAL on May 24.

We here in GERMANY 'breathe deeply' that the donations have finally reached their destination. It threatened worse - the loss!

Now we relieved can tell all our donors that their donations have arrived where they should go.

Our Pakistani friends in KARACHI and PINDI HASHIM have done everything possible to overcome the problems in the port of KARACHI to organize the land transport from KARACHI to PINDI HASHIM and to have on site the tools with which the heavy boxes could be unload undamaged.

Well done! Recognition!

Lastly, all those who provided the donations in kind and the funds needed for the transport and who helped with the storage, loading and transport, a hearty

THANKS - SCHUKRIA!
